## EXPERIENCE

---

### Operations Manager

Auto Driveaway

Salt Lake City, UT

*12/2023 - Present*

- Oversee high-volume logistics operations across 20+ drivers and 200+ national transportation partners in fast-moving markets
- Lead execution of operational improvements, SOP rollouts, and system implementations, ensuring deadlines and cross-team alignment
- Maintain zero negative KPI performance across service quality, compliance, and delivery metrics throughout tenure
- Serve as primary escalation point for client and operational disruptions, resolving issues while maintaining strong partner and customer relationships
- Analyze operational performance data to identify risks, trends, and inefficiencies, converting insights into actionable improvements
- Coordinate complex, time-sensitive scheduling across multiple stakeholders, departments, and geographic regions
- Build and maintain strong working relationships with drivers, vendors, and internal teams through clear communication and accountability

**Cash Aging Director**

Salt Lake City, UT

*Cummins**09/2022 - 12/2023*

- Recovered over \$1M in overdue invoices within six months through prioritization, targeted follow-up, and escalation management
- Coordinated cross-functional resolution efforts between Sales, Finance, and Operations to resolve billing disputes and improve recovery outcomes
- Maintained and improved invoice tracking systems to increase reporting accuracy, dispute visibility, and financial accountability
- Supported compliance, audit readiness, and budget tracking through accurate documentation and structured reporting practices
- Led stakeholder communication, meetings, and escalation workflows to ensure timely resolution of high-priority financial issues

**Operations Manager**

Salt Lake City, UT

*Sure-Loc**08/2021 - 09/2022*

- Directed warehouse and shipping operations supporting over \$14M in annual product fulfillment
- Recovered more than \$500,000 in overlooked orders by identifying workflow breakdowns and implementing corrective operational improvements
- Served as primary escalation authority for operational and compliance issues, resolving incidents and enforcing accountability standards
- Managed daily workforce execution, ensuring accurate task completion, efficiency, and adherence to operational procedures
- Supported customer communication, billing coordination, and issue resolution while maintaining consistent service quality standards
